breadth and depth of coin collecting, and to this extent at least it helped to remove erroneous impressions the uninformed public has of collectors. His talk contained much about collectors and collecting that it is impossible to get newspapers to publish.

And now the radio looms as a valuable asset to the A. N. A. as a medium for publicity!

This suggests that it might be worth while during the Detroit convention to make arrangements to broadcast an address regarding the A. N. A. and the public exhibition of coins to be held in connection with it.

We do not believe that collectors are made as a result of hearing a single address over the radio, or from a platform, or by seeing an exhibit of coins, or by reading an article on numismatics in the press or a magazine. But if we are able to make an impression on a few by any of these methods, and follow it up with successive attacks upon receptive minds, a number of numismatic prospects may be created.

But, first of all, there must be in the prospect a natural inclination to collect, a fondness for history and geography. If these qualities are not present, the time and effort are wasted.

Nevertheless, we believe the radio has wonderful possibilities for numismatics.

ROCHESTER NUMISMATIC ASSOCIATION PRESIDENTIAL MEDAL.

Below is illustrated the Presidential medal for 1924, bearing on the obverse the portrait of William F. Sunday, who served as President of the Rochester Numismatic Association during 1924. The reverse is from the die that has been used on the entire series of the Presidential series.

Last year's medal is jokingly referred to among R. N. A. members as the "Liberty Cup," medal on account of the uniform and overseas cap. It was the wish of the members that the uniform be shown on the medal because of the service rendered by Sergeant Sunday during the World War, he being the only member of the R. N. A. to enter the ranks and serve in the front-line trenches in France. The 1924 medal is also the thirteenth medal issued by the Association, and Mr. Sunday was elected the thirteenth President for the reason that No. 13 occurred so often during his service. He was thirteen days crossing the Atlantic; was sent into the front line on Friday, the thirteenth; stayed in the line thirteen days before being relieved; had "13" on his rifle, bayonet and pistol, also on his identification tags; served thirteen months in France and started for the U. S. A. on May 13, 1919.

KNOWS A GOOD THING WHEN HE SEES IT.

A Far-Western reader writes as follows: "The February number of THE NUMISMATIST is the most interesting numismatic publication I have ever

A QUEST FOR A GERMAN MEDAL.

If the medal illustrated below is in any collection in the United States, and if the owner of it will communicate with Prof. Georg Habich, Director of the State Coin Collection at Munich, Germany, the fact will be much appreciated by Mr. Habich.

For a long time, Mr. Habich says, he has searched Europe for a specimen of the medal. It was in the market between 1890 and 1900, and he suspects it was sold to a collector in the United States. It is of John Frederick, Elector of Saxony. The inscription begins "Dei Gratia Iohannes Fridericus." The edge is formed by a wreath of leaves. There also exists an imitation which comes up frequently, the inscription beginning "Dei Gra : Io : Frid : " etc., with profiled edge, but he has no interest in the latter piece.

NUMISMATICS AND THE A. N. A. TWENTY-FIVE YEARS AGO.

THE NUMISMATIST for April, 1900, contained the following articles: "The Minor Coins of Russian Dependencies and Danubian Principalities"; "The Minor Coins of British Columbia," by R. L. Reid; "Cleanings From the Pilot" (a numismatic publication); "English Notes," by W. Thurston; "Curious Kinds of Money."

In the A. N. A. department six new applications for membership were published.

In the Editorial department the following information is noted: The Chapmans have purchased the Borden collection. Frossard's 165th sale, in New York, occurred on April 27, 540 lots. On May 19 the Chapman Bros. will sell at auction, in Philadelphia, the collections of Gorton, Kinney and Hall, 717 lots. A persistent rumor that Charles Seigewalt, Lancaster, Pa., would retire as a dealer in coins was denied.

The department of Wanted, To Exchange and For Sale is continued. No advertisements appeared in this issue.

COINAGE FOR FEBRUARY, 1925.

After the dinner, by the motion of Dr. French, the

the new Curator of the Municipal Museum, who
extended his invitation to meet at our old meeting
place and promised that we will have the same
privileges as under our departed friend E. L. L. L.

which are interesting enough for anybody looking
for flaws and spots, but don not hold the fascination
of the ancient coins with their historical connections.
On the close of his speech Mr King donated his Plinian
plate money and added, now in the museum, to the

Collection. The members expressed their gratification over
his gift.

Mr Gilleke spoke on coins in general, mainly calling
attention to the wonderful condition of the coins
explored by Mr Bann, and compared the modern and
ancient coins, giving the price for beauty to
the ancients.

Mr Stanley: Told of olden times in collecting and
put in a good word for Paper money collectors.

Mr Woodbury told of his American collecting
and thought, that since he had nearly all
American coins, he would possibly stand
in to cover the ancients.

Mr Parvadae spoke on the three in general
and finished in Remarks given in our departed
members of which I passed on in to the happy
collecting grounds.

Several members spoke of individual departed
members, departing from loss and hoping for
new members to take their places.

Mr Bann spoke of a memorial to the City of Boston
and suggested a plaque, Mr Kolbe offered the
model and cast a plaque and donate it to the
Society, his generous offer was thankfully accepted.

The meeting broke up into individual groups
talk on our common hobby and everybody
agreed that something had a fine time.

Minutes of previous meeting read and approved.

We celebrated our 300th meeting with a dinner at the Osburn House, and numismatic talks and jokes enlivened the fine repast. After the dinner Mr. Bauer invited the members to his house, and casually mentioned that this was his birthday. After extending their wishes for many happy returns we spent a most delightful evening viewing his wonderful collection of ancients, which can hardly be surpassed for beauty and rarity. Dr. French, who had to leave us after dinner, heralded his approach by several phone calls, each one a little nearer, until the genial Doctor arrived and brought a present to our birthday celebrant, which he generously shared with us.

At a late hour we adjourned to October 6th.—PAUL M. LANGE, Secretary, 817 Flower City Park, Rochester, N. Y.

Numismatic Excursion of the R.N.A.

On October the 11th 1925, the day being a fine example of what a day should not be, a bunch of hardy pioneers met at 10 am at our member J. Bauer's business place at St Paul street, to go to the frontier in search of numismatic treasure and incidentally lunch, in the wilds of Le Roy, Brother Horner and Amberg furnished the transportation and Mrs Bauer, Stanley, Woodbury, Plumb, accompanied by Mrs W^m Sunday, mounted into President Horner's limousine and proceeded to enjoy the drizzly scenery.

Mrs Amberg, ~~in his open car~~, insisted Mrs Sunday, Kaufman and Lange into his open car, and proceeded to give an exhibition of speeding, which he probably enjoyed, but which drove the rain into the Buckshot and the two unlucky passengers were forced to fortify themselves with Resealable advertising signs which Mr Amberg carried in his car.

In due time we arrived at member Clark's Residence and were heartily welcomed by Mrs. M. Clark and in due time sitting down to a fine lunch. After a delightful afternoon, spent

in looking over the coin stock of our host
we re-embarked for the Trip home, and arrived
at dusk the only thing to mar the trip
being a last minute blowout on Brother
Amberg's car, which had to be healed before
we could proceed.
